PROFESSIONAL EXPERIENCE

Independent Practice

Clinical & Forensic Psychology

9666 Olive Boulevard, Suite 205
Saint Louis, MO 63132
October 2019 – Present

I am available to conduct competency/fitness to stand trial, responsibility/sanity, workman's compensation and other forensic evaluations and provide expert testimony. I also conduct psychological evaluations (including psychological testing) for diagnostic clarifications and am available for psychotherapy on a limited basis.

Alton Mental Health Center

Clinical & Forensic Director, Chief of Psychology

4500 College Avenue
Alton, Illinois 62002
August 2015 – August 2019

I served on the executive leadership team of a 125 bed, medium security forensic psychiatric hospital. As Clinical Director, I oversaw all clinical and programmatic services provided to both forensic and civil patients. I formally supervised psychology, social work and rehabilitation services staff, and informally directed and advised hospital treatment teams, independent review committees, utilization review, training department and other individuals, groups and committees that undertake clinical tasks. I served on various hospital and statewide committees and workgroups.

As Forensic Director, I was responsible for all forensic aspects of the hospital, including preplacement evaluations, admissions, discharges, transfers and communication/coordination with law enforcement, county jails, court personnel and various other entities. I reviewed all progress reports for jurisdictional courts for Unfit to Stand Trial (UST) and Not Guilty by Reason of Insanity (NGRI) cases. I conducted fitness/competency evaluations and provided expert testimony in various Illinois county courts.

Forest Park Medical Clinic

Clinical Psychologist

1034 S Brentwood Blvd., Suite 1520
Saint Louis, MO 63117
September 2018 – Present

Conducting Missouri and Illinois psychological evaluations and testing to determine presence and level of limitation as it relates to claimant's need for disability benefits.

Saint Louis University – University Counseling Center

Clinical Psychologist, Coordinator of Training and Staff Development

3711 West Pine Mall
Wuller Hall, 2nd Floor
Saint Louis, Missouri 63108
August 2012 – August 2015

Provided clinical mental health services to the students of a mid-sized Jesuit University. In addition, I provided on call crisis and consultation services to the academic community. I was the training director, which included the interview, selection, and supervision of Ph.D.-level psychology graduate assistants who also provided clinical services to students. I was involved in numerous committees and trained staff and faculty on mental health issues. I was unofficial interim director from May-December 2014.

Saint Louis County Justice Center

Clinical Psychologist

100 South Central Avenue, 3rd Floor

Clayton, Missouri 63105

November 2007 – August 2012

Evaluation and individual and group treatment to inmates in a large county jail. The primary emphasis was on conducting diagnostic evaluations and providing individual therapy. Along with one other psychologist, we co-managed all aspects of mental health services and staff. I supervised two clinical social workers as well as undergraduate and graduate student interns/volunteers. I was responsible for conducting in-house suicide prevention and mental illness awareness training to correctional and healthcare staff. I also served as a consultant to custody, nursing, and administrative staff on all mental health and behavioral issues impacting the inmates and the institution.

I was a member of the Interprofessional Management Team, who provided oversight, decision making, and policy creation for the Corrections Medicine Division. I co-chaired the weekly multidisciplinary treatment team meeting.

Correctional Psychology Associates

Clinical Psychologist

570 W 44th Avenue, Suite 320

Denver, Colorado 80216

October 2006 – November 2007

Providing court-ordered outpatient services to federal probationers. Clientele served prison, halfway house, electronic monitoring, or direct probation sentences. Services included evaluations to determine need for treatment, psychological testing and assessment, and group and individual psychotherapy.

TEACHING EXPERIENCE

Maryville University – College of Arts and Sciences

Assistant Professor of Forensic Psychology

650 Maryville University Drive

Saint Louis, Missouri 63141

August 2019 - Present

Florissant, Missouri 63033
August 2018-Present

Instructing undergraduate General and Abnormal Psychology courses.

TRAINING EXPERIENCE

**Western Missouri Mental Health Center (*now: The Center for Behavioral
Medicine*)**

Post-Doctoral Psychology Resident

1000 E 24th Street
Kansas City, Missouri 64108
September 2005 – September 2006

This formal post-doctoral residency program was located in an acute inpatient, state hospital. The primary responsibilities included individual and group psychotherapy, psychological assessment, treatment and behavioral plan formulation, consulting to a multidisciplinary mental health team, teaching brief courses/seminars to various staff, and attending lectures, seminars, case conferences, and other presentations. A percentage of time was also dedicated to consulting to local group homes and conducting staff trainings. Some exposure to police training, forensic evaluations, and risk assessments.

Metropolitan State College of Denver – Student Counseling Center

Pre-Doctoral Psychology Intern

PO Box 173362, Campus Box 5

Denver, Colorado 80217

August 2004 – August 2005

This APA-approved internship focused primarily on service delivery to a distinctive campus of over 20,000 diverse students. Services included individual therapy and group therapy, as well as outreach/workshops. Weekly professional development, training, supervision, and other services directed at the campus and staff development were also provided.

Colorado Counseling Professionals

Practicum Student

Denver, Colorado

July 2003 – August 2004

Responsibilities included administering and scoring a variety of neuropsychological tests under the supervision of a clinical neuropsychologist.

Samaritan Counseling Center

Practicum Student

2901 S Colorado Boulevard

Denver, Colorado 80222

September 2002 – August 2004

Duties included conducting outpatient, individual, family, couples, and group psychotherapy with adolescents and adults, and conducting psychological testing and assessment. Various supervision, training, and presentations were also included.

Centura Health System

Crisis Assessment Specialist

Denver, Colorado

August 2002 – May 2003

Responsibilities included assessing patients in various hospital emergency rooms to determine the need for acute psychiatric, inpatient services.

Developmental Disability Consultants

Practicum Student

1120 Lincoln Street, Suite 702

Denver, Colorado 80203

October 2001 – July 2002

Responsibilities included individual and family psychotherapy with developmentally disabled patients and their families. Treatment team planning meetings on behalf of the patients and providing other services in the patients' home when needed were also included.

American Corrective Counseling Services

Group Facilitator

Denver, Colorado

January 2002 – July 2002

Facilitated weekly courses for first time bad-check writers in the Denver metropolitan area. These courses were offered as an alternative to legal action and focused on increasing insight into participants' behaviors and choices.

Sheppard Pratt Health System

Residential Counselor II

6501 North Charles Street

Baltimore, Maryland 21285

September 2000 – August 2001

Responsibilities included participating in a therapeutic milieu for the adolescents served. The patients consisted of 12 – 18 year old adolescents who had been through a variety of systems, including social services, foster care, and juvenile justice; their placement in this setting was a final effort to provide mental and behavioral health services for them before they returned home or aged out of state-sponsored treatment.

Omni House Behavioral Health Systems

Rehabilitation Specialist II

PO Box 1270

Glen Burnie, Maryland 21060

February 2000 – September 2000

Responsibilities included working with a chronically mentally ill adult population with a large variety of diagnoses. Duties were monitoring patients' medications, supportive counseling and problem solving, aiding patients in managing money, paying bills, and in maintaining a semi-independent residence in the community.

Nebraska Mental Health Centers, P.C.

Volunteer

7160 S 29th Street, Suite F

Lincoln, Nebraska 68516

August 1997 – August 1999

Responsibilities included filing and scoring psychological tests.

Lincoln Regional Center

Volunteer

West Prospector and Folsom Street

Lincoln, Nebraska 68509

September 1996 – August 1997

Responsibilities included social engagements with patients and reviewing charts.
